Publications of Second Workshop on the Baltic Sea Ice Climate

Edited by Arvo Järvet

Tartu 1999

Contents

A. Järvet. The Second Workshop on the Baltic Sea Ice Climate.....	5
M. Leppäranta, A. Omstedt. A Review of Ice Time Series of the Baltic Sea	7
J. Haapala. Present Status of the Baltic Sea Ice Data Bank - IDA.....	13
M. Leppäranta. Ice Thickness Mapping in the Baltic Sea.....	16
M. Sztobryn, W. Krzyminski. Extreme Sea Level Events, Sea-ice Conditions, Mean Surface Temperature and Mean Salinity Changes During Last 45 Years.	25
H. Mardiste. Ice Conditions in the Väinameri and their Influence on the Traffic between West-Estonian Islands and the Mainland.....	37
N. Schmelzer. Ice Conditions in the German Coastal Waters (area of Mecklen- burg/ Vorpommern, Southern Baltic). Ice Winter Severity Types.....	43
B. Tinz. On the Relation between Annual Maximum Extent of Ice Cover in the Baltic Sea and Air Temperature Field and expected Changes in the Future	51
J. P. Girjatowicz, T. Olechwir. The Climatological Ice Relations as a Function of Thermal Conditions in the Odra Estuary.....	63
K. P. Girjatowicz, K. Kożuchowski. Variation of Thermic and Ice Conditions in the Szczecin Lagoon Region	69
J. Jaagus. Interactions between Snow Cover Duration, Extent of Sea Ice and Winter Mean Air Temperature in Estonia	74
A. Reinart. Photosynthetically Available Radiation in Lake Võrtsjärv at Winter by the Model of Incident Solar Radiation.	84
A. Järvet. Influence of Ice Cover on the Ecological Conditions of Shallow Lake Võrtsjärv	92
J. Launiainen, T. Vihma, A. Omstedt. Baltic Air-Sea-Ice Study - A Field Experiment of BALTEX	101
B. Cheng, J. Launiainen. Thermodynamic Modeling of Sea Ice Growth in the Baltic Sea.....	107

A. Omstedt, M. Leppäranta. On the Baltic Sea Response to Climate Change: Model Implications.....	117
Z. Zhang, H. Wu, M. Leppäranta. Numerical Simulations on the Wintertime Circulation in Ice-covered Bohai Sea.....	125
J. C. Moore, P. Frich. Atmospheric Circulation related to Oscillations in Sea-Ice and Salinity (across).....	137
T. Vihma. Modelling Aspects of Wind Stress over Sea Ice.....	145
C. Schrum. Sensitivity of Atmosphere Ocean Heat Exchange in the Baltic Sea	154
A. Lehmann. Coupled Ice-Ocean Modelling of Baltic Sea	161
J.-E. Lundqvist, M. Moberg, A. Omstedt. Experience of the BOBA Model in Operational Sea Ice Forecasting	166
B. Zhanhai, M. Leppäranta, H. H. Shen. Numerical Test on Applying a Transition Criterion in the Marginal Ice Zone Dynamics.....	168
